Dear Mr. Johnson,

Herewith Photographic Whitewash.

You have done quite a bit of readings.

You say two things that interest me.

You have spoken to an ex-intelligence officer. There are many. Has this one any specific knowledge?

Your grandfather knew J.A.Milteer. Can he add anything to what I have written? Does he know anything that might be relevant about which I did not write?

Thanks for your kind words.

And, of course, for your interest.

By the time you have finished your education, perhaps more information will be available.

We do keep a mailing list and will add you to it we we have not already done so.

Best regards,
